

Susquehanna River Water Trail

North Branch — Laceyville to West Falls Laceyville Borough Access

The Susquehanna River is an American treasure reflecting the places and people of the Pennsylvania heartland. Enjoy your trip on the Susquehanna River Water Trail—an integral part of the Chesapeake Bay Gateways and Susquehanna River Greenway networks. The Susquehanna Greenway is a place and a journey that connects people to the Susquehanna River. It provides both land and water based recreational corridors of open space and scenic byways. The Chesapeake Bay Gateways Network is a partnership system of over 20 water trails and 120 parks, refuges, museums, and historic sites in the Chesapeake watershed.

The River and the Bay
With a watershed of nearly 28,000 square miles, the Susquehanna River supplies the Chesapeake Bay with fifty percent of its fresh water (24 billion gallons) on a typical day.

Rolling meadows and agricultural lands set amidst seemingly endless mountains. Frequent bends and meanders define the river.

The Endless Mountains Heritage Region covers much of this area – offering abundant year-round outdoor recreational opportunities. Small river towns are reminiscent of Classic Americana. Area attractions include the Vosburg railroad tunnel, North Branch canal remnants, the Nicholson Viaduct, and U.S. Route 6.

For Your Safety & Enjoyment

- Always wear a life jacket.
- Obtain proper instruction in boating skills.
- Know fishing and boating regulations.
- Be prepared for river hazards.
- Carry proper equipment.

Plan Your Trip

Tell someone where you are boating and when you expect to return.

Check the weather and know the waters where you will boat.

Stay away from hazards like dams and trees in the water.

Drinking and boating do not mix.

For more boating safety information visit www.fish.state.pa.us.

Leave No Trace

Travel and camp on durable surfaces. Dispose of waste properly.

Leave what you find.

Minimize campfires.

Respect wildlife.

Be considerate of other visitors.
